Inspection

[AS1] 30 Point Inspection

Check tire tread wear,	0 Hour	\$0.00 *
	Sub	\$0.00

Service

Diagnose / Check Engine Light 1.0

Initial diagnosis, testing and inspection of the specific vehicle system as required. Perform road test where applicable. Report test result(s), system fault(s), component(s) failure and required repair(s). Additional diagnosis and testing time may be required at additional charges. Customer reports check engine light on.

Driver states that the check engine light comes on, and goes off...oil pressure gauge is reading very low...20 psi instead of 40 where it normally is.	1 Hour	\$144.99 *
--------------------------------------------------------------------------------------------------------------------------------------------------------	--------	------------

Tech found code for oil pressure not reading properly.
Verified oil pressure at 40psi, pressure sender reading at 20 psi. oil has some debris causing the oil pressure sender to read improperly. Also checked suspension and found sway bar end links very loose, Front struts and rear shocks leaking and rusting thru, Rear tires worn out due to rear shocks being very weak.

Recommendations: Replace oil pressure sender with engine flush and oil change, Replace front End Links, struts and rear shocks and 2 rear tires.

Sub \$144.99

Lube, Oil & Filter Service - Semi-Synthetic (Blended)

Drain and refill engine oil, change engine oil filter and lubricate chassis grease fittings and friction points as required. Check and top off fluid levels, additional charges may apply where fluids are required. Complete a complimentary visual vehicle inspection.
